

LADY JANE

PREMIUM SYNTHETIC TURF

Product Data Specification

Product Name: Lady Jane- 50190-01

Main Application: Landscape **Colours:** Dual Green

Product Description: A 50 mm long blade grass utilising two yarn types, providing a natural dense grass appearance, sand and rubber filled. The highest quality synthetic Landscape Turf.

Main Advantages:

- Three colours of fibre for a more natural look and surface resilience
- Highly dense product which camouflages infill and holds infill in place
- No watering, no mowing
- Lush and green 365 days a year
- Child and pet friendly, soft under foot, reduced injuries
- UV stabilised for the Australian climate

TYPE 2: Heavy metal free Polyethylene, U.V. Resistant

COMPOSITION/STRUCTURE

TYPE 1: 10,275 Decitex PE monofilament
TYPE 2: 6,330 Decitex PE fibrillated

BACKING CHARACTERISTICS

PRIMARY BACKING 1

COMPOSITION/STRUCTURE: 100% woven polypropylene, UV resistant
WEIGHT: 141 g/sqm
COLOUR: Black

SECONDARY BACKING

COMPOUND BASE: "SUPERBOND" latex compound
Styrene – butadiene basist

COLOUR: Black
COATING WEIGHT: 800 g/sqm

TOTAL PRODUCT

WEIGHT: 2,575 g/sqm

TURF CHARACTERISTICS

PILE WEIGHT: 1,775 g/sqm
PILE HEIGHT: 50 mm
TOTAL PILE LENGTH: 106 mm
TOTAL THICKNESS: 62mm
STITCHES: 190 per metre
KNOTS: 19,950
PILES: 39,900
MACHINE GAUGE: 3/8"

MANUFACTURED ROLLS

WIDTH: 3.71 metres
LENGTH: Standard 20 metres
SHIPPING WEIGHT (LM): 10.18 kg
LINE COLOURS: Dual Green
ROLL DIAMETER: 750 mm
(Based on 20 metre roll)

PARTICULATE INFILL

INFILL TYPE: (Sand) Siliceous 80% round, Washed and dried
(Rubber) Recycled
SAND/RANGE: (Sand) 0.2 mm – 1.0 mm
(Rubber) 0.5 mm – 1.5 mm
INFILL WEIGHT (Sand) approx 16 kg/sqm
(Rubber) approx 7 kg/sqm
INFILL HEIGHT 36mm
Sand / rubber mixed layers

Installation Advice: To be laid onto a stabilised sub-base. Seams should be glued with an appropriate adhesive. Grass to be part infilled with sand, then rubber as specified and groomed. Use of alternative gradings of sand and rubber will effect quantities required, performance and warranty. For further installation advice on this product, please contact www.sirwalter.com.au for an Installation Guide.

Maintenance Advice: This product will perform better and last longer with regular maintenance. We recommend weekly in-house cleaning and brushing, combined with an annual specialist treatment. For further maintenance advice on this product, please contact www.sirwalter.com.au for a Maintenance Guide.

Warranty: Sir Walter offer a seven year warranty on this product, which is available upon request. All measurements are within + or – 10%. Sir Walter reserves the right to modify this information.
